5. Careers Page

Source URL: <https://hiddenmindsolutions.in/career>

Headline

“Join Our Team of Innovators.” HMS describes itself as more than a company — a community of driven, creative, and ambitious individuals from around the world, committed to fostering an environment where everyone can thrive.

Why Work With Us?

- Dynamic Culture — A team that moves fast, collaborates openly, and celebrates new ideas, with people from different backgrounds who challenge you to think bigger and support your growth.
- Innovation First — Work with modern tools, explore new approaches, and help shape products with real impact.
- Growth & Learning — Mentorship, feedback, learning resources, and stretch projects to sharpen skills and advance your career.
- Impact That Matters — Contribute to meaningful projects, see results of your work, and know your ideas directly influence how products are built and improved.

Open Positions

- MERN Stack Developer — Location: Udaipur • Full-Time • On-site. Details page: <https://hiddenmindsolutions.in/career/mern-stack-developer>

Note: The careers page mentions filters for Department, Work Model, Location, and Type — but only one position (MERN Stack Developer) was listed at the time of this data capture.

6. Job Listing: MERN Stack Developer

Source URL: <https://hiddenmindsolutions.in/career/mern-stack-developer>

Position Summary

- Title: MERN Stack Developer
- Type: Full-Time
- Hours: 35+ hours/week
- Work Model: On-site
- Location: Udaipur, Rajasthan, India

Job Description

HMS is seeking a highly skilled Full-Stack Developer for an on-site role in Udaipur. The ideal candidate will be responsible for building scalable, high-performance web applications using modern TypeScript-based architecture. The role involves close collaboration with product, design, and backend teams to deliver enterprise-grade digital solutions with clean, maintainable, production-ready code.

More Roles Coming Soon

HMS indicates upcoming openings in AI-powered transcription and quality assurance roles.

Application Process

Applicants apply through a “Secure Application” form that collects:

- Resume upload (click or drag & drop)
- Personal Information: First Name, Last Name, Email, Phone Number, Country
- Experience: Primary Language Spoken (English/Hindi), Additional Languages (English, Hindi, Spanish, French, German), Previous relevant experience (Developer, HR, Frontend Development, Automation), and Experience Level (Beginner, Intermediate, Expert)
- Cover Letter
- Availability: toggle for whether the applicant can start within 1 week
- Agreement to HMS's Terms & Conditions and Privacy Policy is required before submission

7. Hire Developers Page

Source URL: <https://hiddenmindsolutions.in/HireDev>

Headline

"Hire a Dedicated Developer (Full time / Part Time)." Connect with skilled developers who can bring your vision to life — from web development to mobile apps, HMS's talent pool covers a wide range of needs.

How the Hiring Process Works

- 1. Requirement Analysis — Share project requirements, tech stack preferences, and team expectations; HMS conducts a thorough analysis of specific needs and goals.
- 2. Choose a Resource — Review curated developer profiles matched to requirements, including portfolios, technical assessments, and previous client reviews.
- 3. Interview Process — Conduct technical and cultural-fit interviews with shortlisted candidates; HMS facilitates the process and provides interview guides.
- 4. Onboarding & Integration — Seamless integration with the client's team; HMS handles contracts, NDA setup, and provides collaboration tools from day one.

Technologies Covered

- React
- Node.js
- MongoDB
- Docker

Available Developer Profile (example)

- MERN Stack Developer — 3+ years of experience, skilled in MongoDB, Express, and related MERN technologies.

Contact Form Fields

- First Name, Last Name, Email, Phone Number, Country code, Message
- Requires agreement to HMS's privacy policy before sending

FAQs (same set as Home Page)

What types of processes can you automate?

We specialize in automating repetitive workflows across operations, marketing, sales, and customer support using AI and custom logic.

- Do you build custom software or use no-code tools?
- Can you integrate with our existing systems?
- How secure are your solutions?
- Do you develop AI-powered systems?

8. Privacy Policy

Source URL: <https://hiddenmindsolutions.in/PrivacyPolicy>

Last updated: August 1, 2025

1. Introduction

Hidden Mind Solutions ("Company," "we," "us," or "our") respects visitor privacy and is committed to protecting personal data. This policy explains how the company collects, uses, discloses, and safeguards information when visitors use the website (<https://hiddenmindsolutions.in/>) or engage its services. Using the website or services implies consent to these practices.

2. Information Collected

2.1 Personal Information

- Contact Information: full name, email, phone number, company name, job title, business address
- Professional Information: industry/business sector, project requirements, budget information, technical requirements
- Account Information: username/password (if account created), preferences, communication preferences
- Payment Information: billing address, payment method details (processed via secure gateways), tax IDs, purchase history

2.2 Technical Information (collected automatically)

- IP address, browser type/version, operating system, device information, time zone settings
- Approximate geographic location, referring website addresses, pages visited & time spent, clickstream data

2.3 Communication Data

- Emails, chat messages, correspondence
- Feedback and survey responses, support ticket information
- Meeting notes and recordings (with consent)

2.4 Project-Related Data

- Business data and documents, source code and technical specifications
- Database information, analytics/performance data, user behavior patterns

2.5 Cookies and Tracking Technologies

Used to remember preferences, analyze traffic, improve user experience, track marketing effectiveness, and provide personalized content.

3. How Information Is Used

- Service Delivery — process/fulfill requests, technical support, deliver project outputs, manage accounts, process payments
- Communication — respond to inquiries, send project updates, share documentation, send newsletters (with consent)

- Business Operations — improve services/website, conduct research, develop new offerings, ensure security, comply with law
- Marketing (with consent) — promotional materials, industry insights, market research, personalized marketing
- Legal & Compliance — enforce Terms, protect rights/property, respond to legal processes, prevent illegal activity

4. Legal Basis for Processing (GDPR — EU Users)

- Consent — explicit agreement to processing
- Contract — necessary to fulfill service agreements
- Legal Obligation — required by law
- Legitimate Interests — business operations that don't override user rights

5. Information Sharing and Disclosure

Information may be shared with service providers/partners (cloud hosting, payment processors, email providers, analytics platforms, marketing automation tools, subcontractors/consultants), during business transfers (mergers/acquisitions/asset sales), for legal requirements, or with explicit consent (e.g., testimonials, case studies).

HMS explicitly states it does NOT:

- Sell personal information to third parties
- Share data for third-party marketing without consent
- Use data for purposes unrelated to its services

6. Data Security

- Encryption of data in transit (SSL/TLS) and sensitive data at rest
- Secure authentication and access controls
- Regular security audits and assessments
- Intrusion detection and prevention systems
- Secure coding practices and employee security training

HMS notes no transmission/storage method is 100% secure, though it continuously works to protect data.

7. Data Retention

- Active Clients: duration of engagement plus 3–7 years for legal/tax purposes
- Prospective Clients: up to 3 years from last contact
- Marketing Data: until unsubscribe or deletion request
- Project Data: 1–5 years, per service agreements

8. Your Privacy Rights

- Access & Portability — request copies of data in a structured, machine-readable format
- Correction & Update — update or complete inaccurate/incomplete data

- Deletion (“Right to be Forgotten”) — subject to legal retention requirements
- Restriction & Objection — restrict processing, object to legitimate-interest processing, opt out of marketing
- Withdraw Consent — at any time, without affecting past lawful processing
- Lodge Complaints — with relevant data protection authorities

Requests can be made to info@hiddenmindsolutions.in; HMS aims to respond within 30 days.

9. Cookies Policy

- Essential Cookies — core functionality, login status, security
- Performance Cookies — traffic/usage analysis, load-time tracking
- Functionality Cookies — preferences, personalization, enhanced features
- Marketing Cookies — campaign tracking, targeted ads, ad performance measurement

Third-party cookies may come from Google Analytics, social media platforms, advertising networks, and CRM platforms.

10. Third-Party Links

HMS is not responsible for the privacy practices of linked third-party websites/services.

11. International Data Transfers

Data may be processed in India (primary operations), in countries where service providers operate, and on cloud servers in various jurisdictions. Safeguards include Standard Contractual Clauses (SCCs), Privacy Shield compliance (where applicable), and adequacy decisions.

12. Children's Privacy

Services are not directed to individuals under 18. HMS does not knowingly collect data from children and will delete such data promptly if discovered.

13. California Privacy Rights (CCPA)

- Right to know what personal information is collected and whether it is sold/disclosed
- Right to delete personal information
- Right to opt out of sale (HMS states it does not sell personal information)
- Right to non-discrimination for exercising privacy rights

14. Data Processing for Clients

HMS may act as Data Controller (own operations) or Data Processor (per client instructions), and enters into Data Processing Agreements (DPAs) covering scope, security, subprocessors, breach notification, and compliance obligations.

15–20. Additional Sections

- Changes to Privacy Policy — updates communicated via email/website notice; continued use implies acceptance

- Contact — Hidden Mind Solutions, Sikar, Rajasthan, India; info@hiddenmindsolutions.in
- Compliance — IT Rules 2011 (India), GDPR (EU), CCPA (California), other applicable laws
- Automated Decision Making — not used for significant decisions without human intervention, except with consent, contract necessity, or legal authorization
- Marketing Communications — opt-in only; unsubscribe via email link or direct contact; transactional emails not subject to opt-out
- Indian Users — sensitive personal data handled per Indian IT Act with additional security and explicit consent; a Grievance Officer is available for complaints (30-day response time)

9. Terms of Use

Source URL: <https://hiddenmindsolutions.in/TermsOfUse>

Last updated: August 1, 2025

1. Introduction and Acceptance

These Terms constitute a legally binding agreement between Hidden Mind Solutions and the Client governing access to and use of the website, products, and services. Accessing the website, submitting an inquiry, executing a Statement of Work, or engaging services in any manner constitutes acceptance of these Terms.

2. Key Definitions

- Services — all IT services including software development, web/mobile development, AI solutions, cloud computing, digital marketing, SEO, UI/UX design, IT consulting, and related services
- Client/Customer — any individual, company, or entity engaging HMS for services
- Deliverables — work products, materials, documentation, code, designs, and outputs created by HMS
- Statement of Work (SOW) — document outlining project requirements, scope, deliverables, timelines, and payment terms
- Confidential Information — proprietary, non-public information (business plans, technical data, source code, trade secrets)
- Intellectual Property — patents, copyrights, trademarks, trade secrets, and other IP rights

3. Service Offerings

- Software Development — custom enterprise software, web & mobile apps, API development, database design, legacy system modernization
- AI & Machine Learning — AI/ML model development, NLP, computer vision, predictive analytics, chatbot development
- Cloud Services — cloud migration, AWS/Azure/Google Cloud, DevOps & CI/CD, cloud security
- Digital Marketing — SEO, social media marketing, content marketing, PPC advertising
- Design Services — UI/UX design, graphic design, brand identity, prototyping

3.3 Client Responsibilities

- Provide accurate, complete, timely information; grant necessary system/data access; designate a primary contact
- Participate in scheduled meetings; respond to inquiries within 2–3 business days; review/approve deliverables on time
- Make payments per agreed schedule; provide valid billing information; report billing disputes within 10 days

4. Payment Terms

- Fee Structures: Fixed Price, Time and Materials, Retainer, or Milestone-Based
- Standard schedule: 30–40% advance on initiation, 30–40% on milestone completion, remaining balance on final delivery

- Payment Methods: Bank Transfer (NEFT/RTGS/IMPS), Wire Transfer (international), Online Gateways (Razorpay, PayPal, Stripe)
- Taxes: prices exclusive of GST unless stated; 18% GST added for Indian clients; international clients responsible for applicable taxes
- Late Payments: 1.5% monthly interest on overdue amounts; right to suspend services if overdue 15+ days

5. Intellectual Property Rights

- Client owns (upon full payment): custom code, custom designs/visual assets, deliverable-specific documentation
- HMS retains: proprietary methodologies/processes, pre-existing IP/tools/frameworks, reusable code components, trade secrets/know-how
- Third-Party Components: open-source components remain under their licenses; commercial third-party components require separate licenses (client responsibility)
- Portfolio Use: HMS reserves the right to feature project details/client names in its portfolio; clients may request confidential treatment

6. Confidentiality

Confidential Information covers business information, technical specs, source code, personal data, project documentation, and proprietary information. Both parties must maintain strict confidentiality, limit disclosure to need-to-know parties, and return/destroy information on request. Exceptions include publicly available information, information known prior to disclosure, independently developed information, and legally required disclosure. Obligations survive 3 years from disclosure (indefinitely for trade secrets).

7. Project Timeline and Delivery

- Timeline Estimation — good-faith estimates based on agreed scope, subject to client meeting obligations, with regular progress updates
- Milestone-Based Delivery — requirements gathering, design/architecture, development, testing/QA, deployment/go-live
- Acceptance Testing — 5–10 business day review period; written feedback on issues; deemed accepted if no response within that period
- Force Majeure — neither party liable for delays from natural disasters, pandemics, government actions, or other events beyond control

8. Warranties

- HMS warrants: services performed professionally, deliverables conform to specifications, no third-party IP infringement, authority to grant licenses
- Warranty Period: 30–90 days covering bug fixes and non-conformance corrections at no extra charge
- Exclusions: client modifications/misuse, third-party software issues, client environment issues, damage from viruses or unauthorized access
- Disclaimer: services provided “AS IS” without implied warranties beyond what is expressly stated

9. Limitation of Liability

- Maximum liability capped at fees paid by the client for the specific project in the preceding 12 months

- No liability for indirect/incidental/consequential damages, lost profits/revenue, lost data, business interruption, or reputational damage
- Exceptions: client payment obligations, IP infringement indemnification, gross negligence/willful misconduct, fraud, or death/injury from negligence

10. Indemnification

- Client indemnifies HMS for: client's use/misuse of deliverables, client-provided content, third-party claims from client's customers, client's breach of agreement/laws, illegal use of deliverables
- HMS indemnifies client for: claims that HMS deliverables infringe third-party IP (subject to prompt notice and cooperation; HMS controls the defense)

11. Term and Termination

- Termination for Convenience — client may terminate with 30 days' notice; payment required for completed work; termination fees of 10–25% may apply
- Termination for Cause — material breach uncured within 15 days, insolvency/bankruptcy, illegal activities, or non-payment 30+ days past due
- Effects of Termination — outstanding fees become immediately due, return of confidential information, delivery of paid completed work, license revocation on non-payment

12. Dispute Resolution

- Informal Resolution — written notice, good-faith negotiation for 30 days, senior management involvement if needed
- Mediation — required before litigation; costs shared equally; location: Sikar, Rajasthan
- Litigation — exclusive jurisdiction of Sikar, Rajasthan courts; prevailing party entitled to attorneys' fees

13. Governing Law

Governed by the laws of India, including the Information Technology Act 2000, the Indian Contract Act 1872, the Copyright Act 1957, and other applicable Indian laws. Exclusive jurisdiction: Courts of Sikar, Rajasthan, India.
